

Domain Name Registration Form

1 Introduction

Please provide a choice of domain name that will be used to identify your company's network. For example, ZAMNET Communication Systems Ltd.'s domain is *zamnet.zm*. We recommend a domain name of the form *company.co.zm*. We generally require that the organisation being registered have a presence in Zambia.

If you require your domain to be registered in another top level domain e.g. *.com*, *.org*, the registration process takes a little longer as registration is done through Verisign designated registrars.

Please note that you are required to have domain name servers before you submit your registration. If you do not have Primary and Secondary name servers, ZAMNET can provide Domain Name Services on your behalf. If you have any problems completing the form, please telephone ZAMNET on (01) 224159 or email *noc@zamnet.zm*.

By applying for the domain name and through the use or continued use of the domain name, the applicant agrees to be bound by the terms of ZAMNET's current domain name policy (Domain Registration Policy). The applicant acknowledges and agrees that ZAMNET may change the terms and conditions of the Domain Registration Policy from time to time as provided in the Domain Registration Policy.

The applicant agrees that if use of the domain name is challenged by a third party, or if any dispute arises under this Registration Agreement, as amended, the applicant will abide by the procedures specified in the Domain Registration Policy.

This Registration Agreement shall be governed in all respects by and construed in accordance with the laws of the Republic of Zambia. This Registration Agreement is the complete and exclusive agreement of the applicant and ZAMNET regarding domain names. It supersedes, and its terms govern, all prior proposals, agreements, or other communications between the parties. This Registration Agreement may only be amended as provided in the Domain Registration Policy.
